

Purdue North Central Dual Credit/Concurrent Enrollment Program

What is Dual Credit/Concurrent Enrollment?

Dual Credit/Concurrent Enrollment is an excellent opportunity for students to receive college credit through a university by taking courses that are approved and offered at the high school, during the regular school day, and taught by qualified high school teachers. Students use the books provided by the high school, and the teachers follow very similar curriculum, assignments and testing as their college faculty counterparts.

What are the benefits of Dual Credit/Concurrent Enrollment?

To Parents:

- Improved student opportunity for success in college
- Familiarity with university registration process, policies and procedures
- Financial Advantages
 - Reduced tuition cost - \$25 per credit hour for courses listed on the State Dual Credit/Concurrent Priority Course List; \$101.55 per credit hour for courses not listed on the State Priority Course List (undergraduate tuition is \$209.40 per credit hour for 2011/2012)
 - Free/Reduced lunch students - 100% tuition assistance
 - No additional fees - no books, activity, lab, technology, or transportation fees (ex. You will be saving the cost of the undergrad student fees – additional \$19.20 per credit hour, and/or lab fees for Science classes - \$58.55 per lab credit hour)

To Students:

- Satisfies requirements for earning the Academic Honors Diploma
- Students are able to graduate from high school with college credits and an established Purdue Transcript
- Students may complete basic college degree requirements, as well as earn several general education requirements for college (*check the PNC Dual Credit/Concurrent Enrollment Website www.pnc.edu/admission/dualcredit to see how the dual credit classes satisfy requirements in all majors at PNC*)
- Helps with a smoother transition to college, and builds confidence for college success
- Students become more familiar with university admission/registration process
- Provides the opportunity to graduate from college early, study abroad, double major, seek additional internships in college, and/or begin a graduate degree program early

Do these courses transfer?

- The majority of Dual Credit/Concurrent Enrollment Courses taken to satisfy requirements for the Academic Honors Diploma are listed on the Core Transfer Library.
- If you desire to know how credits will transfer to a particular university or to your intended major, we advise you to contact the Registrar's Office of that institution, or go to the institution's website for course transfer information. You can also go to www.transferin.net to see how the credits transfer within the state of Indiana. Please feel free to contact us with any further questions.
