

Company Biography:

Larson-Danielson Construction Company, Inc. is a privately held corporation located in LaPorte, Indiana. Established in 1908, Larson-Danielson brings a century of building excellence to industries throughout the Northwest Indiana area. What started as a construction company in the early years quickly grew to meet the needs of a changing landscape and business arena. Renowned for its turnkey contracting services, Larson-Danielson also offers design/build and construction management services – innovative alternatives to the traditional contracting approach that provide enhanced cost effectiveness, seamless project scheduling and the high quality standards for which Larson-Danielson is known for.
