

Guidelines for Registering EET / ECET Students

All full-time students should register for **BOTH** ECET 10700 and 10900. Otherwise, it will be nearly impossible to graduate in a timely manner.

In the past, there was a Math pre-requisite for ECET 10700. This is being **removed** so that **all** full-time students can be registered for **both** 10700 **and** 10900.

Which Advisor to See:

- All **Freshmen and Pre-'s** should see Heather Engstrom (LSF-216, x-5619).
 - All **Sophomores and above** should see Prof. Christopher Smith (TECH-280, x-5256).
 - All **Ivy Tech or other transfer students** should see Prof. Smith, as well.
 - If anyone else absolutely must register a student beyond the freshman year, send Prof. Smith an email (csmith@pnc.edu) with the student's name, ID number and schedule.
-

Building a Schedule for EET/ECET Students:

Full-time students, entering in the Fall: Follow the plan of study, with **both** ECET 10700 and 10900.

If entering in Spring, take: GS 19100 + Appropriate Math + Programming + English and/or Comm.

Part-time students, entering in the Fall, take: Take ECET 10700 **or** 10900 + Appropriate Math.

If entering in Spring, take: GS 19100 + Appropriate Math.

NOTE FOR ALL ENTERING STUDENTS (Any Semester!): Always ask students if they have ANY electronics background or took electronics in high school. If they DO, send them to Prof. Smith to try and test out of the freshman-year ECET courses.

Building a Schedule Pre-EET/ECET Students:

Follow the recommendations below, **even if there are deficiencies.**

(**Ignore** the MA prereqs for ECET 10700 and 15700. We are **removing** these requirements!)

FALL SEMESTER:

- If taking one class, take either **ECET 10700 - Circuit Analysis** or **ECET 10900 - Digital**.
- If taking 2 classes, add the appropriate **Math** class. (GNC 06400 and MA 11100 are OK !)
- If taking 3 or 4 classes, make sure students take BOTH **ECET 10700** and **ECET 10900**.

SPRING SEMESTER (Continuing Student):

- If taking one class, take 2nd semester of their 1st semester course (i.e., **ECET 15700** or **15900**).
- If taking 2 classes, add the appropriate **Math** class. (GNC 064 and MA 111 are still OK !)
- If taking 3 or 4 classes, take BOTH **ECET 15700** and **ECET 15900**.

SPRING SEMESTER (New Student):

- If taking one class, take **GS 19100 - FYE**. (Check for test-out of ECET 10700 / 10900.)
 - If taking 2 classes, add the appropriate **Math** class. (GNC 064 or MA 111 are OK !)
 - If taking 3 or 4 classes, add **anything else**. (Check for test-out of ECET 10700 / 10900.)
-

(REVISED: April 2012. Please destroy old copies!)
